

Swedish Metabolomics Conference 2017: Metabolomics and Health

23-24 August

Place: Chalmers University of Technology, Gothenburg

Details about the meeting and sign up: <https://www.chalmers.se/en/conference/Swedish-Metabolomics-2017/Pages/default.aspx>

Time	Title	Speaker
23/08/2017		
9.00	Tutorials: MS, NMR and data analysis	Dr. Carl Brunius, Chalmers
10.00	Opening	Prof. Rikard Landberg, Chalmers
10.15	TBA	Prof. Elaine Holmes, Imperial Colleague
11.00	Molecular Phenotyping in a Post-Genomics World?	Dr. Craig Wheelock, Karolinska Institutet
11.25	Metabolomics analysis in prostate cancer: linking epidemiological, mechanistic and clinical studies	Dr. Ali Moazzami, Swedish University of Agricultural Sciences
11.50	TBA	Agilent
12.15	Lunch + Posters	
13.45	Automation for high-throughput metabolomics and mixing samples for accuracy and precision	Dr. Anders Pedersen and Dr. Daniel Malmödin, Swedish NMR Center
14.10	TBA	Prof. Henrik Antti, Umeå University
14.35	Metabolomics to detect and study non-alcoholic fatty liver disease	Prof. Tuulia Hyötyläinen, Örebro University
15.00	Coffee break + Posters	
16.00	Metabolomic profiling by NMR and fingerprinting of diseases	Prof. Claudio Luchinat, University of Florence
16.45	Metabolomics in biobank research	Dr. Åsa Torinsson Nalwai, University of Gothenburg
17.10	Round Table Discussion	All
18.00	Transport to Universeum	
19.00	Dinner at Universeum	
24/08/2017		
9.00	TBA	Prof. David Wishart, University of Alberta
9.45	In search for metabolomics markers	Prof. Göran Karlsson
10.10	Coffee break + Posters	
10.40	Metabolic aberrations in diabetes: cause or consequence	Dr. Tove Fall, Uppsala University
11.05	Detecting diet with metabolomics	Dr. Otto Savolainen & Dr. Alastair Ross, Chalmers
11.30	TBA	Bruker
11.55	Lunch + Posters	
13.30	Metabolomics and type 2 diabetes	Dr. Peter Spégel, Lund University
13.55	Capturing acute metabolic responses of a single meal	Prof. Anna Winkvist, University of Gothenburg
14.20	Metabolomics to dissect the role of diet in type 2 diabetes	Prof. Rikard Landberg & Dr. Carl Brunius
14.45	Closing Remarks	
		Organizers
